

“Not all medicine comes in a bottle”

Introductory Seminar Explore Volunteering with Your Animal

Have you ever met a furry, four-legged wet nosed therapist? As a matter of fact, you may be living with one already.

If you are interested in giving back to your community and taking the beautiful bond you have with your dog to an entirely different level, you should definitely come to the Introductory Seminar.

This 60-minute seminar is an overview of therapy animal work and is designed for the new handler. You will learn about becoming a registered therapy team. Please join us to learn more.

Animals do not attend.

Registration Details:

Date: April 2, 2017
